## SPRING SAFETY TIPS

As the weather warms up and more people head outdoors, we want to remind everyone to stay safe this spring! Cyclists, always wear a properly fitted helmet, use hand signals, and follow traffic laws to stay visible and protected. Pedestrians, be sure to use crosswalks, stay alert, and make eye contact with drivers before crossing streets. Drivers, watch for increased foot and bike traffic, slow down in neighborhoods, and never drive distracted. As you enjoy the season, remember that safety is a shared responsibility!

## MAKE THE #9PM ROUTINE A LIFESTYLE

## 9PM ROUTINE

Every night at 9 PM, we encourage you to take a few simple steps to protect your belongings: roll up all windows, remove valuables, and lock your vehicle.

Criminals often look for easy targets, and an unlocked car or visible valuables can make your vehicle a target for theft. By making this routine a daily habit, we can work together to reduce crime and keep our neighborhoods safe. Set a reminder, spread the word, and let's make security second nature!

## Scam Alert

There continue to be an increasing number of spam calls and phishing attempts targeting citizens in our community. Scammers use deceptive tactics to steal personal information, often posing as government agencies, financial institutions, or well-known businesses. Common scam tactics include IRS tax scams, impersonation scams, prize & lottery scams, bank & credit card fraud calls, tech support scams, and phishing emails & texts.

To protect yourself, avoid answering unknown calls and let them go to voicemail. If the call is legitimate, you can return it. Never share personal information, as government agencies, including the IRS, will never request sensitive details over the phone or via email.

## ELECTED OFFICIALS ATTEND NATIONAL LEAGUE OF CITIES CONFERENCE

Seat Pleasant continues to shine as a community of dedicated leaders, and we are proud to celebrate three individuals whose impact extends beyond our city. Two of our elected officials and a key member of our government staff have been recognized for their exceptional service and commitment.

Monica Higgs has been selected to receive the Outstanding Community Partner Award from BEAUTIFUL I AM, INC. in recognition of her dedication to empowering women and girls to reach their full potential. Her leadership and advocacy have played a crucial role in fostering opportunities for growth and success within the community.

Both Hope Love and Ashley Drakeford have been named recipients of the District 7 Women Who Lead 2025 award, an honor sponsored by County Council Member Krystal Oriadha (District 7). This award highlights women who exemplify leadership, service, and dedication to their communities.

Their achievements reflect the commitment of Seat Pleasant's leaders to creating a stronger, more engaged, and empowered community. We congratulate them on these well-deserved honors and look forward to their continued contributions.

## EXPANDING LEARNING BEYOND THE CLASSROOM: SEAT PLEASANT LAUNCHES THE E3 INITIATIVE

Seat Pleasant is taking bold steps to enhance educational opportunities for its residents through the Education, Everywhere, Everyday (E3) Initiative. On March 1st, Council Member Ashley Kearney shared insights on the initiative's goals, which include:

- Expanding out-of-school time programming
- Strengthening partnerships between families, schools, and the local community
- Increasing access to local libraries and learning centers
- Ensuring students have access to technology
- Addressing basic needs such as nutrition and well-being to support student learning

The event featured inspiring remarks from Aniyah Bynum, a 12-year-old Seat Pleasant resident, author, avid reader, and scholar. As the Inaugural Steward of Seat Pleasant's Free Little Library, Aniyah has demonstrated a passion for literacy and community engagement. Her mother, Angele Bynum, also spoke about the importance of nurturing a love for reading and lifelong learning.

Attendees included residents, elected officials from across Prince George's County and other community partners who participated in breakout sessions to brainstorm opportunities, key connections, and innovative ideas to help launch the E3 Initiative across Seat Pleasant. The event concluded with the ribbon-cutting of Seat Pleasant's first Free Little Library, located in Goodwin Park. Participants helped stock the library and stamped books with #SeatPleasantReads, marking the beginning of a citywide literacy movement.

With plans to install a Free Little Library in each of Seat Pleasant's five wards, this initiative is just the beginning of a community-wide effort to make education accessible everywhere, every day.

## SEAT PLEASANT SENIORS EXPERIENCE THE PHILADELPHIA FLOWER SHOW

As part of Seat Pleasant's commitment to enhancing cultural and recreational opportunities for residents, 26 seniors recently embarked on a memorable trip to the Philadelphia Flower Show. This excursion aligns with the city's strategic plan to provide enriching experiences that promote lifelong learning, community engagement, and environmental awareness.

For many attendees, this was their first time visiting the Philadelphia Flower Show, the nation's longest-running and largest horticultural event. This year's theme, "Gardens of Tomorrow," showcased breathtaking floral designs, innovative garden displays, and sustainable landscaping concepts. In addition to the artistic exhibits featuring florists from across the country, attendees explored interactive exhibits on gardening, houseplants, sustainability, and floral design, as well as hands-on workshops and classes.

The vendor marketplace offered a wide selection of flowers, seeds, garden tools, and unique horticultural items, giving attendees an opportunity to bring a piece of the show home with them. Many also enjoyed lunch at the historic Reading Terminal Market, where they sampled a variety of delicious foods before heading back to Seat Pleasant.

This trip not only provided a fun and engaging experience but also reinforced the city's commitment to beautification, environmental sustainability, and active aging. Residents left inspired by the vibrant displays and are already looking forward to next year's visit.
