DUMPSTER PLAN

City Code Chapter 107-20. Location requirements.

All dumpsters shall be located at a distance from the lot line, as approved by the Neighborhood and Commercial Compliance Department, so as not to interfere with the safety, convenience, or health of abutters, residents, and the public. All dumpsters shall be placed so that any liquid or runoff from the dumpster shall not enter any storm drains. All dumpsters shall be placed so as not to interfere with the physical integrity of the curb, sidewalk, and public parking. The location of all dumpsters shall also be subject to approval by the Neighborhood and Commercial Compliance Department.

City Code Chapter 107-21. Container requirements.

All dumpsters shall be in new or good condition free of damage caused by wear or misuse that would allow leaks or access by rodents. All dumpsters shall be covered and secured at all times except when being filled or emptied. Temporary dumpsters shall be covered when not in use (including overnight) at a minimum with a tight-fitting tarp. All dumpsters shall be deodorized and washed on a regular schedule. The neighborhood and commercial compliance inspector, or designee, may require more frequent cleaning, if necessary. If rodent activity or other site hygiene issues are prevalent, the Neighborhood and Commercial Compliance Inspector may require additional design/containment requirements utilizing best available technology.

Acknowledgement

I have read the terms and conditions and agree to adhere and abide by the afore mentioned and all other sections of the cited City of Seat Pleasant City Code.
